fax: +32 (0) 16 32 82 70  
e-mail: info@ou.kuleuven.ac.be

### How to reach us?

#### By car

Motorways E40 (Brussels-Liège) and E314 (Lummen-Leuven): leave the motorway by exit no. 15 (Leuven). The dual carriageway you are now following is Koning Boudewijnlaan. At the second intersection with traffic lights, turn right into Celestijnenlaan.

Warning: your GPS system may tell you to turn right at the FIRST intersection with traffic lights (St.-Jansbergsesteenweg). Do not follow this route as Kapeldreef is blocked in this direction.

On Celestijnenlaan, take the second street on the right (Kapeldreef).

Follow Kapeldreef to the end. AVNet is housed in the last building on the road, next to the K.U.Leuven Innovation and Incubation Centre (I&I).

#### By train and bus 'De Lijn'

Leave the railway station by the main entrance ('Leuven'). You'll find the bus station to the right of the railway station.

Take bus no. 2, direction 'Campus' (the trip takes about 30 minutes), to the last bus stop ('Campus'), in front of building A on the Science Campus.

AVNet is behind this Science Campus, next to the K.U.Leuven Innovation and Incubation Centre (I&I).
